

# About Runa

Runa is the global payouts infrastructure for loyalty, rewards, and disbursements. Through one API, one contract, and one dashboard, Runa helps businesses send instant, branded payouts in 190 countries across more than 5,000 payout options, including gift cards, prepaid cards, bank transfers, PayPal, and more.

Headquartered in London, with offices in New York City, Bulgaria, and India, Runa replaces fragmented providers, manual processes, and legacy systems with a fast, flexible, local-first platform that makes payouts simpler to launch, easier to manage, and better for both businesses and recipients.

Runa powers more than 40 million payouts annually with sub-second delivery, 99.999% uptime, and enterprise-grade security, and is backed by leading investors including CommerzVentures, Clocktower Ventures, AlbionVC, and 13books Capital.
